Season’s greetings from E Source!

Happy holidays from E Source!

Over the years we’ve created some pretty over-the-top holiday cards. They usually feature a video with our staff singing, dancing, and having fun. This year, because we’re all working from home, a snazzy video project wasn’t possible. Instead, we’ve curated a look back at our favorite holiday card video moments. Enjoy this mashup of footage from as far back as 2013!
