TE Insights

June 6, 2022

TE Insights

- For utility partners
- For utilities

Get ahead of utility TE spending and strategy

Subscriber? Go to the tool

E Source TE Insights organizes the data from utility transportation electrification (TE) plans, EV-specific rates, and customer rebates into one easy-to-navigate platform. With TE Insights, you can:

- Better understand how utilities are allocating their TE budgets
- Track TE goals and results
- Explore TE plans
- Review EV-specific rates and incentives

TE Insights
for Solution Providers

TE Insights saves you time and resources by providing:

- Information on utility TE spending, goals, rates, and incentives
- The ability to perform a keyword search within TE plans and evaluations
- Built-in visuals to help you understand trends
- Original source documentation
- Powerful filters so you see only the most pertinent data

Benchmark utility TE spending and strategy

Subscriber? Go to the tool

E Source TE Insights organizes the data from utility transportation electrification (TE) plans, EV-specific rates, and customer rebates into one easy-to-navigate platform. With TE Insights, you can:

- Better understand how peer utilities are allocating their TE budgets
- Track TE goals and results
- Find TE language that can support your own filings
- Compare EV-specific rates and incentives

TE Insights helps you design a strategy with confidence by providing:

- Information on utility TE spending, goals, rates, and incentives
- The ability to perform a keyword search within TE plans and evaluations
- Built-in visuals to help you understand trends
- Original source documentation
- Powerful filters so you see only the most pertinent data
